# Welcome to the fellowship

The Gilwell Fellowship aims to support the continuing development of Gilwell Park for future generations, and to educate everyone about Scouting's heritage and impact.

Gilwell Park is the spiritual home of Scouting, the biggest youth movement the world has ever seen. It embodies Baden-Powell's dream of a home for all Scouts and a dedicated training centre for adults, and continues to evolve and develop while preserving this legacy.

## Gilwell Fellows

The Gilwell Fellows are a group of supporters who care passionately about Gilwell Park and contribute to ensure it continues to develop for future generations.. Any support you're able to provide ensures that Scouts continue to learn practical skills for life, while also developing lasting friendships and having unforgettable outdoor adventures.

The Young Gilwell Fellows programme is for Scouts and supporters of Gilwell Park under the age of 30 who wish to be part of the Fellowship. They're invited to participate in the existing programme and support fundraising ideas using social media and their own networks.

**'Over the last 15 years, Gilwell Park has been transformed into an excellent centre for Scouts and all young people. It has managed to balance respect for the unique place it holds in Scouting's history with the need to be relevant, modern and viable. I'm very proud to have played a small part in this transformation and I want to see it continue in the future so even more young people can experience the adventure of Scouting.'**

## What the Gilwell Development Fund enables us to create

Our International Volunteer Lodge provides 45 state-of-the-art rooms for our volunteer staff from all over the world. It's an outstanding example of the benefits of the Gilwell Development Fund.

**Jack Petchey lodge**

**Peter Harrison lodge**

The Jack Petchey Lodge and the Peter Harrison Lodge were built following two generous supporters donating over GBP 1,000,000 each. These incredible contributions towards the Fund have enabled us to provide a home for Scouts from all over the world, as well as for adults undertaking leadership programmes.

There are so many other fantastic examples of what the Gilwell Development Fund has achieved, including:

- the development of Gilwells natural beauty and nature through landscaping, tree planting and maintenance
- the Faith Walk, which is home to five places of worship for Scouts and other visitors
- the classrooms attached to The Lid, which are used for educational activities by both young people and adults.

The next development project at Gilwell Park is the Museum and Camp Square area. This is a major GBP 6.5 million campaign to build the first official UK Museum of Scouting and to redevelop the Camp Square. It will tell the story of how one man's idea provided the catalyst to create the world's biggest youth movement, now reaching over 50 million members across the globe.

**The fund is administered and supported by the UK Scouts, which ensures that the programme operates without any administration costs. This means 100% of your contribution goes directly to supporting Gilwell Park.**
