The program offers a fun and safe introduction to safe handling of a rifle.

### PROGRAM GUIDELINES

#### YOUTH REQUIREMENTS

Registered Boy Scouts, Venturers or Sea Scouts, and youth who are age-appropriate participating in a Council, District or Unit organized Rifle Shooting activity conducted as part of a weekend campout, camporee or similar event.

All youth participants are required to have written permission from their parent or guardian before they can take part in the program. A sample permission form is included in the back of this guide. The council may also include this as part of the overall permissions for the camp or activity; however, it must clearly state that a youth has the parent or guardian's permission to handle and fire a firearm.

## STANDARD OPERATING PROCEDURES

The standard operating procedures (SOPs) of the range should also be reviewed by NRA Range Safety Officer before delivering this program. All firearms must be approved for use by the NRA Range Safety Officer.

## OPEN RIFLE SHOOTING SPORTS EXPERIENCE

**Purpose.** Teach youth the Knowledge, Skill and Attitude (KSA) of safe handling of firearm in a shooting sports program.

**Examples.** A day-at-the-range event (fun shoot), Venturing or Sea Scout event, NRA Day event (contact the National Association for information on NRA Day), Winchester/NRA Marksmanship Qualification Program, camporee, camp weekend shoot, or Order of the Arrow event are examples. An open shooting experience could be held at a BSA facility, public or private commercial range or private property.

**Youth.** Boy Scouts, Venturers, Sea Scouts

**🍏 Boy Scouts.** .22 caliber rimfire, bolt-action rifle. Either a breech-loading, single-shot, bolt-action or a repeater bolt action with a box magazine can be used. Tubular or high-capacity magazines are not allowed. If magazines are used, the range commands must include "magazines out after firing all rounds" to ensure the firing line is safe after all shots are fired. This now means a Scout can load more than one round directly into the box magazine to shoot. The trigger pull will be 3 pounds or greater.

Lever action and tubular magazine rifles are approved for use in the Cowboy Action Program ONLY.

**🍏 Venturers and Sea Scouts.** Any cartridge-firing rifle with open, scope, or dot sights

**Ammunition.** Correct ammunition for the rifle being fired. Tracer, armor-piercing, and explosive ammunition are not allowed.

**Reloaded ammunition is not approved for BSA programs.**

**Range.** A BSA-approved facility, public, private, commercial or club range. Note that if using private property for the range location, you must follow the BSA private property range approval process, which can be found in the appendix. This information can also be found at [Download Private Property Approval Form](#).

**Required for Boy Scouts:** BSA Rifle Safety Briefing in this document.

**Required for Sea Scouts and Venturers:** BSA Rifle Safety Briefing in this document.

**Safety.** ANSI Z87.1-2010 certified eye protection and appropriate hearing protection is required.

**Range supervision.** A certified NRA Range Safety Officer is to directly supervise all live fire on the range. Additionally, the instruction offered must be done by a currently certified NRA certified Rifle Instructor. These must be two separate individuals.

**Ratio.** One NRA Range Safety Officer must be present for each group consisting of a maximum of eight shooters. And one NRA certified Rifle Instructor per 8 shooters during live fire.

**Course:** Shoot one or two 5-shot targets per relay, from a position appropriate to the skill level of the participants.
