MY VISION

I clearly see the **National Venturing Officers' Association** fulfilling its role as an advocate for Venturing and delivering an engaging program for our Venturers and advisors through interfacing directly with our district, council, area, and region **VOA leadership**, increasing dialogue between Venturing and our local **professional Scouters**, and growing the role of **Venturing in the Family of Scouting**.

MY GOALS

If selected as the Southern Region Venturing President, I clearly see myself:

- 1 Scheduling a call with at-least one struggling council VOA and their Key 3 each month to encourage, guide, and support their important role in their council.
- 2 Creating a mechanism to allow real-time tracking of CSVE Award submissions for the benefit of area and council VOAs.
- 3 Encouraging each regional and area VOA to further integrate themselves with their area/regional volunteer structure.
- 4 Continuing the successful NVOA Office Hours social media events.
- 5 Working with the National Venturing Communications Team to continue sharing the story of Venturing and encouraging VOAs to record their history in celebration of the 20th Anniversary of Venturing and for posterity.
